DETAILED ACTION

Priority

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Specification

The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

Allowable Subject Matter

Claims 1-14 are allowable.

The following is an examiner's statement of reasons for allowance: Claims 1-14 are allowed over the prior art of record. The prior art fails to teach or suggest an apparatus and method for an analog to digital converter that implement a circuit configured to generate delayed clock signals which have delay times different from each other according to phase differences. by feeding back and detecting a phase of signals in the signal path, and configured to correct the signals in the signal path by using the delayed clock signals.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Cited R e f e r e n c e s

The prior art made of record and not relied upon is considered pertinent to application's disclosures. The cited references relate to synchronizing analog to digital converters.
